Re: CC Docket No. 02-33 – Notice of Offering Wholesale and Retail DSL On Permissively  
Detariffed Common Carrier Basis and Discontinuance of Offering on Tariffed Basis

Dear Ms. Dortch:

The Windstream Incumbent Local Exchange Carriers (collectively “Windstream”) identified below hereby notify the Commission that on July 1, 2011, Windstream will begin offering its wholesale and retail Digital Subscriber Line (DSL) on a permissively detariffed common carrier basis and discontinue offering common carrier DSL service on a tariffed basis from the National Exchange Carrier Association Tariff F.C.C. No. 5. Windstream provides DSL service as described in the *Broadband Internet Order*.<sup>1</sup> Neither the provisioning of nor the rates for these services will be affected by this action. In other words, the rates for these services will continue to be the effective rates contained in the National Exchange Carrier Association Tariff F.C.C. No. 5, unless and until customers decide to change the terms of their service plan. Those revised terms and conditions under which DSL will be offered will be available on the Windstream website effective July 1, 2011 (<http://www.windstream.com>) and will also be available for review at Windstream’s office located at 4001 Rodney Parham Rd, Little Rock, Arkansas 72212. The geographic areas affected by this change are the areas where DSL is available in the locations served by the companies listed below.

<sup>1</sup> Report and Order and Notice of Proposed Rulemaking in CC Docket Nos. 02-33 and 01-337 released September 23, 2005, FCC 05-150.

This notice is also being provided to the affected state public utility commissions, the appropriate governors, and the Special Assistant for Telecommunications at the Department of Defense.<sup>2</sup> On May 31, 2011, Windstream also provided notice to all affected customers. A copy of the notification is attached.

If you have any questions, please do not hesitate to contact me.

Sincerely,

A handwritten signature in black ink, appearing to read "Cesar Caballero", with a large, stylized flourish at the end.

Cesar Caballero, VP Regulatory Strategy

Notice of Offering Wholesale and Retail DSL On Permissively Detariffed Common Carrier Basis and Discontinuance of Offering on Tariffed Basis Effective July 1, 2011

This is an informational notice required by the FCC. **No action is required on your part.** The services and rates for your current DSL service are not changing. Windstream is required to notify you of its intent to discontinue providing DSL service on a tariffed basis from the National Exchange Carrier Association Tariff F.C.C. No. 5. This notice fulfills that requirement. However, the rate for your current DSL service will continue to be the currently effective rate in the National Exchange Carrier Association Tariff F.C.C. No. 5, unless and until you decide to change your service plan to one of the alternative plans which are listed on the Windstream website. The Windstream companies affected by this change are listed below

The revised terms and conditions for Windstream DSL service will be available on the Windstream website (<http://www.windstream.com>) effective July 1, 2011 and will also be available for review at Windstream's corporate office located at 4001 Rodney Parham Rd., Little Rock, Arkansas 72212.

Once again, there will be no changes to your service or the DSL Pricing Plan to which you currently subscribe. Should you have any questions concerning this notice, please contact your Windstream Major Account Representative.

Sincerely,

Cesar Caballero  
Vice President, Regulatory Strategy  
Windstream Communications
